Hall's Catarra Cure is the only positive cure new known to the medical fraternity. Catarra being a constitutional disease, requires a constitutional treatment. Ball's Catarra Cure is taken internally, acting directly upon the bleed and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprieters have so much faith in its curative powers that they offer One Hundred Deliars for any cane that it falls to cure. Send for list of testimonials.
